Hi Mark,

As discussed, I got a hold of Sgt. Tetreault. The psychologist's contact info is: **Personal Info.** and her email is: **Personal Info.**

Ms. Herold bills us by the call and Darwin mentioned that we have privilege with her (confidentiality).

Hi Kelly,

Any luck trying to contact Dr. Tamara Herald? She works for NY Blue Consulting, I have their website if that's helpful.

Thanks,
Melanie

Kelly and Jamie,

Further to my last message, the DCFP called again and there is some urgency to getting this information (or confirming it is not possible).

I have copied Phil and Darwin in case they are monitoring and can suggest someone else to go to or

can provide the contact information for the psychologist.

Thanks,
Mark

Thanks Kelly,

I appreciate the update and I did just receive and request for update a few minutes ago.

Understand the challenge.

Jamie,

Is there someone else in the program that can reach out? I suspect not given both Phil and Darwin are the main people in this area.

Thanks,

Mark

Hi Mark,

I wanted to ensure you that the advice/opinions/guidance to the questions below are being sought. Main challenge I am facing is that the SMEs are taking a day off to get some rest. I am hopeful to reach them early this afternoon to discuss.

Please don't hesitate to reach out if you need anything.

Kelly

Subject: Commr Question

Kelly,

The Commr is in discussions about when and how to lift the EA and what impact that will have on those involved in the blockades and occupation.

The concern is the unknown about how those involved will react (eg. Do they immediately return?).

She knows from Darwin's briefing that he consulted with a psychologist on the plan to resolve the urgent situation a few weeks ago. Could you ask him to reach out to see if the psychologist can provide advise on this or identify if we should be going to program (Jamie Solesme)? Deputy Brennan is aware as he was part of the conversation.

1) When to lift EA: Now as things are calm? Does this add credibility that reduces negative reaction to invocation? Does it embolden them? Etc.

2) How? Messaging? Along with other action...

3) Any dependencies that need to be done?

4) Any other advice?

Thanks,
Mark
